Resolution 2025-74 - Annual Adoption of the Public Works Project Fee Schedule

**Submitted by:** Todd Petrowski, Planning & Codes

**Department:** Planning & Codes

---

**Information**

**Subject**

Resolution 2025-74 - Adopting the Adjusted Public Works Project Fee Schedules for 2026, as Provided for in Chapter 14, Article IX of the Municipal Code.

**Background**

Resolution 2025-74 proposes the adoption of an adjusted Public Works Project Fee (PWPF) schedule for 2026, as provided for in Chapter 14, Article IX, Section 14-197 of the Municipal Code.

The fee schedule for the Public Works Project Fees (PWPF) was approved by the Board of Commissioners on November 25, 2019, as part of Resolution 2019-100.

Chapter 14, Article IX provides for the fees to be adjusted annually using the Construction Cost Index, developed by the Engineering News-Record (ENR). Section 14-197 provides that the *"fees shall be adjusted to account for construction cost inflation on January 1 following each year in which the fees were not comprehensively updated based on a new impact fee study, with the first year of adjustment being 2021. The existing fees will be multiplied by the ratio of the Engineering News-Record Construction Cost Index for the most recent month for which the index is available to the index for the same month of the previous year. The adjusted fee schedule, with fee amounts rounded to the nearest five-dollar increment, will be adopted by the Board of Commissioners via resolution by December 1 of each applicable year to be effective January 1 of the following year."*

Staff completed a review of the Construction Cost Index, which is a ratio developed by the Engineering News Record detailing construction cost inflation, year to year. The review compared the index for September 2024 with the index for September 2025, data. The comparison showed that the amounts of the current PWPF should increase a total of **2.17 percent (13,632 to 13,928)** based on construction cost inflation. The new increases will become effective for all permits issued after January 1, 2026.

Attached is Exhibit A, which details the current PWPFs, the proposed increase to those fees, the new proposed fees derived by multiplying the current fee by 0.0217 to account for the 2.17% increase to each fee category and rounding to the nearest five-dollar increment to arrive at the total new fee.

As a reference, here is how the numbers have increased:

2022 the increase was 7.67%;

2023 the fees increased 5.7%;

2024 the increase was 2.45%; and

2025 the increase was 1.08%.

Should you have any questions or require additional information please contact the Planning and Codes Director.

Resolution 2025-79 - To Adopt a Revised Educational Contributions Policy For Annual Budgetary Requests from Williamson County Schools

**Submitted by:** Kristen Corn, Legal

**Department:** Legal

**Information**

**Subject**

Resolution 2025-79 - To Adopt a Revised Educational Contributions Policy for Use in the Review and Approval of Annual Budgetary Requests from Williamson County Schools.

**Background**

Since 1986, the City of Brentwood has contributed over \$7.2 million to Brentwood schools as part of the annual budgeting process. The “Educational Contributions Policy” was initially adopted by the Board of Commissioners in 1993 and revised in 2012 to help set parameters for these contributions.

The current policy is clear that City funding should be for non-recurring capital needs and programs and not for routine operating and maintenance expenses. Supplemental funding should be used to enhance programs over and beyond what is provided by the Williamson County Schools. The current policy is also explicit that no school should become dependent on City contributions for basic programs and activities in the event City funding must be reduced or eliminated.

Over the past few years, several school representatives have mentioned that the funding their schools have received will be used for tables, desks, and other furniture items. The Board of Commissioners has expressed concerns that these items are not necessarily within the intent of the policy but are more operating expenses that should be covered by Williamson County Schools. In order to eliminate any confusion, staff has drafted a minor amendment to the policy to more explicitly state this. Specifically, staff proposes that the **bold** text be added:

The City will not fund ongoing and routine operating and maintenance expenses (such as salaries, usable supplies, utilities, repairs, etc.), **nor will the City fund purchases of furniture**, as these are all items that should be funded by the Williamson County Schools system.

A redlined version of the entire policy is attached, as is a clean version.

Should you have any questions, please contact the City Attorney, the Finance Director, or the City Manager.

**Staff Recommendation**

Staff recommends approval of the accompanying resolution adopting the revised education contributions policy.

**A RESOLUTION OF THE CITY OF BRENTWOOD, TENNESSEE TO ADOPT A REVISED EDUCATION CONTRIBUTIONS POLICY FOR USE IN THE REVIEW AND APPROVAL OF ANNUAL BUDGETARY REQUESTS FROM WILLIAMSON COUNTY SCHOOLS**

**WHEREAS**, the City of Brentwood receives requests for financial support each year from public schools educating Brentwood children; and

**WHEREAS**, the Board of Commissioners has supported these public schools through budgetary appropriations in past years and desires to continue to enhance the quality of public education; and

**WHEREAS**, adoption of a formal educational contributions policy has assisted the Board of Commissioners in reviewing the requests of schools and in reaching decisions on appropriations for education, and a minor revision to this policy is necessary.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY OF BRENTWOOD, TENNESSEE, AS FOLLOWS:**

**SECTION 1.** That the educational contributions policy, which is attached hereto as Attachment A and made a part of this resolution by reference, is hereby adopted.

## **CITY OF BRENTWOOD, TENNESSEE EDUCATIONAL CONTRIBUTIONS POLICY**

The City of Brentwood is committed to quality public education for the children of this community. Each public school located within the city limits and any public school located outside the city limits of Brentwood with a total enrollment of 25% or more Brentwood resident students in the current school year may submit an annual funding request to the Board of Commissioners.

It is recognized that the City is not the primary funder of public education in Brentwood and provides only supplemental funding to enhance the educational programs over and beyond what is provided for public schools across Williamson County. While there is no limitation to the number of requests and amount of funding requested, it is understood that there will always be limited and finite resources available in the City's General Fund to support this program.

By March 15, each eligible school shall provide to the Finance Director a prioritized list of expenses proposed for funding during the new fiscal year beginning July 1. Each specific item or program request must be prioritized with its purpose and benefits summarized with an individual cost breakdown.

The goal is to enhance existing and ongoing programs and not serve as a substitute funding source for basic educational needs. The City's priority for funding will be directed toward non-reoccurring capital and program expenses (such as equipment and enhancements to basic programs). The intent is that no school should become dependent on City contributions for basic programs and ongoing activities such that elimination or a reduction in City funding would prevent continuation of the programs. The City will not fund ongoing and routine operating and maintenance expenses (such as salaries, usable supplies, utilities, repairs, etc.), nor will the City fund purchases of furniture, as these are all items that should be funded by the Williamson County Schools system.

Funding allocations to public education will be deliberated by the Board of Commissioners in the spring as part of the deliberations for the upcoming annual operating budget. Decisions will be based on an assessment of the City's overall financial position and its program needs first, then the educational benefit of the school contribution. Efforts will be made to provide some equitable distribution of the available funding among the various school levels (elementary, middle and high) with the recognition that special circumstances such as construction of a new school or building addition may warrant special funding consideration for a limited duration.

Public schools located outside the city limits having enrollments of 50% or more Brentwood students in the current school year shall be evaluated for funding in a manner consistent with similar schools located inside the city limits. Any funding provided to public schools located outside the city limits having Brentwood student enrollment between 25% and 50% shall be prorated from the amount provided to similar schools located inside the city limits based on the actual percentage of Brentwood students. The Brentwood student population in the school shall be calculated based on the student enrollment when the request forms are received and certified to accuracy by the Principal of the school.

Final decisions on funding allocations to each school by the Board of Commissioners shall occur by June 30 as part of the consideration and approval of the Appropriations (Budget) Ordinance for the new fiscal year beginning July 1. Payment of the budgeted contributions to each school will occur no later than August 15 of each year.

Each school receiving funds will be required to submit a final record of actual expenditures from the City's contribution no later than December 31 of the same year.

Res 2025-80 - Approval of Agreement for Outside City Sewer Connection

**Submitted by:** Chris Milton, Water & Sewer

**Department:** Water & Sewer

---

**Information**

**Subject**

Resolution 2025-80 - Approval of Agreement for Outside City Sewer Connection.

**Background**

The subject property for which extension of service is requested is located at 1004 Holly Tree Gap Road. The property includes an area of approximately 8.7 acres and is located on the north side of Holly Tree Gap Rd., near the intersection of N. Berry's Chapel Rd., outside city limits, and within the City's Urban Growth Boundary (UGB). The property is currently zoned by Williamson County as Municipal Growth Area -- 1 (MGA-1). The intent of the MGA-1 district is to provide areas adjacent to cities to remain largely undeveloped. These areas are considered a part of the County's rural landscape and as such, this district is established to protect the rural character of Williamson County by allowing for agricultural, rural, and low-density residential development. The minimum lot size required is one acre. The County maximum gross density is one dwelling unit per acre.

The applicant is requesting connection to city sewer for the existing residence and plans to make renovations for additional square feet. Sewer service can be extended to the subject property via a low-pressure grinder system from the public sewer main located at the intersection of N. Berry's Chapel Rd. and Cold Stream Drive. See attached site map. Because the property is located within the City's UGB it was included in the sewer system master plan evaluation and modeling for the ultimate sewer system build out. As required by City and Water Service Department standards, the property owners would be required to fund the installation of the sewer infrastructure to the subject property. The current property owners have agreed to fund the extension of the public sewer as needed and at their expense and pay all applicable out-of-city tap fees. Additionally, city code further requires the payment of \$1,900.00 grinder pump replacement fee. Payment of this fee allows the property owners to participate in the City's grinder pump maintenance program.

There are no plans to subdivide the property by the owner. If approved, the sewer extension authorization will only be for service to the existing main dwelling unit. No additional structures on the property will be allowed to connect to the City's sewer system without prior approval under municipal code. These limitations will be specifically addressed in a sewer service agreement that will be recorded with the Register of Deeds and will be binding on any future property owners. Accordingly, Staff is recommending approval of the connection to city sewer, and of Resolution 2025-80, which authorizes the City Manager to enter into an agreement which

memorializes the conditions for the extension. Please contact Chris Milton, Director Water Services should you have any questions.

Res 2025-81 - Approval of Agreement with Tarkett for Purchase of Carpet for Children's Library

**Background**

The John P. Holt Brentwood Library has an award-winning Children's Library and replacing the carpet was identified as a project for the Capital Improvement Program (CIP) for FY 26. \$65,000 was budgeted for this project. The John P. Holt Brentwood Library is the most utilized City facility on a daily basis. Improvements to the facility allow for improved experience and ensure the facility will remain at the standard the citizens of Brentwood expect. Facilities/ Maintenance Supervisor Brent Stidman, Library Director Lee Boulie, and Assistant City Manager Jay Evans met with multiple vendors and reviewed countless samples of carpet to get a carpet that is both green (not gray or beige) and matches the forest theme of the Children's Library. Once finalists were identified, 14 library staff (mostly Children's Department) voted on their favorite. The chosen sample was the clear winner (11-3 vote). The top two selections were presented to the Library Board and the Library Board also identified the selected design as their preferred as well.

Facilities Maintenance Supervisor, Brent Stidman, contacted vendors Shaw Floors and Tarkett Commercial, two companies that specialize in commercial grade carpet, to show carpet samples/options and prices to the Assistant City Manager and Library Director. Additionally, online vendors were reviewed. Due to the significant impact of carpet color and design on the "Wow" factor of the award-winning children's library, a custom design of commercial grade carpet was required, including specifically selecting the thread colors. The final sample is only available through the Tarkett Commercial vendor.

Due to the Library's specific requirements for carpet grade, color, and design, identified through their internal review process, staff recommends waiver of competitive bidding for the purpose of securing materials uniquely suited to the Library's needs. Given that proposals were previously solicited and the preferred sample has been selected, staff further recommends approval to authorize \$42,498.79 for this project.

If you have any further questions, please contact the Library Director or Assistant City Manager.

**Staff Recommendation**

Staff agrees with the Library Board's top selection and requests approval by the City Commission to purchase and install the new carpet in the Children's Library.

Approval to Pay Final Invoice to Franklin Marriott Cool Springs for Employee Recognition Dinner

Approval to Pay Final Invoice to Franklin Marriott Cool Springs for Employee Recognition Dinner

**Background**

The Board of Commissioners and the City Manager have a long-standing tradition of providing and hosting an employee appreciation dinner at the beginning of the annual holiday season. The purpose of this event is to celebrate all employees' contributions to the success of the City and recognize individual employees who achieved significant service anniversaries with the City during the year.

There are realistically only two facilities available in Williamson County (Embassy Suites and Marriott at Cool Springs) that have the capability of accommodating our group and that are also within a reasonable travel distance of Brentwood. The City used Marriott the last two years and the feedback from staff was excellent with regard to the quality of the venue and the food, and it is the Human Resource department's recommendation that we return there for the 2025 event. Attached is the executed agreement with Marriott for the Employee Appreciation Dinner scheduled for November 14, 2025. The original agreement, reflecting event minimums of \$20,000, was approved by the Interim City Manager in March as it fell within his signatory authority. Final costs, however, now exceed that threshold, necessitating Commission approval for the remaining amount.

The FY26 budget for this event includes \$25,000 for food, beverage, and audiovisual expenses associated with the event. This amount does not include the required 25% administrative fee totaling \$6,684.30. Staff therefore requests Commission approval of a total expenditure of \$33,421.50 to cover all event costs associated with the Marriott, inclusive of the administrative charge.

**Staff Recommendation**

Staff recommends approval of the attached invoice for the Annual Employee Appreciation Dinner and the additional costs of the dinner.

**Fiscal Impact**

**Amount :** \$33,421.50

**Source of Funds:** HR operating fund

**Account Number:** 110-41650-82750

**Fiscal Impact:**

The approximate cost is estimated at \$26,737.20 plus a 25% administrative fee. The minimum expenditure required to secure the venue \$20,000 plus the 25% administrative fee.

Please note that the administrative charge is not a gratuity or tip and, accordingly, is subject to all applicable taxes. This charge will be applied to costs and/or expenses other than employee wages.

**DAMAGE TO FUNCTION SPACE**

City of Brentwood agrees to pay for any damage to the function space that occurs while City of Brentwood is using it. City of Brentwood will not be responsible, however, for ordinary wear and tear or for damage that it can show was caused by persons other than City of Brentwood and its attendees.

**FOOD AND BEVERAGE REVENUE MINIMUM**

Based on the expected attendance and the space set forth in the Function Information Agenda, a **minimum of \$20,000.00 plus administrative charge (currently 25%) and tax (currently 9.75%)** is required in connection with the function space for this meeting. This minimum does not include room service, restaurant and bar usage not sponsored as part of your meeting, administrative charges, taxes, audio visual, or any other miscellaneous charges incurred by City of Brentwood. Should your final attendance drop below the approximate number of guests outlined in this agreement, alternatives in food and beverage will be suggested to meet the minimum revenue outlined.

**OUTSIDE FOOD AND BEVERAGE POLICY**

All food and beverages served at functions associated with the Event must be provided, prepared, and served by Hotel,

and must be consumed on Hotel premises.

**CANCELLATION**

City of Brentwood acknowledges that if it cancels or otherwise essentially abandons its planned use of the Room Night Commitment (a “Cancellation”), this action would constitute a breach of City of Brentwood’s obligation to Hotel and Hotel would be harmed. Because Hotel’s harm (and City of Brentwood’s obligation to compensate Hotel for that harm) is likely to increase if there is a delay in notifying Hotel of any Cancellation, City of Brentwood agrees to notify Hotel, in writing, within five (5) business days of any decision to Cancel. In addition, if a Cancellation occurs, the parties agree that:

- a. it would be difficult to determine Hotel’s actual harm;
- b. the sooner Hotel receives notice of the Cancellation, the lower its actual harm is likely to be, because the probability of mitigating the harm by reselling space and functions is higher; and
- c. the highest percentage amount in the chart (the “Chart”) set forth below reasonably estimates Hotel’s harm for a last-minute cancellation and, through its use of a sliding scale that reduces damages for earlier cancellations, the Chart also reasonably estimates Hotel’s ability to lessen its harm by reselling City of Brentwood’s space and functions.

City of Brentwood therefore agrees to pay Hotel, within thirty (30) days after any Cancellation, as liquidated damages and not as a penalty, the amount listed in the Chart below.

Date of Decision to Cancel	Amount of Liquidated Damages Due
From 181 days to 365 days prior	<b>25% of Total Revenue</b>
From 121 days to 180 days prior	<b>50% of Total Revenue</b>
From 91 days to 120 days prior	<b>75% of Total Revenue</b>
From 0 days to 90 days prior	<b>100% of Total Revenue</b>

*\*If applicable, state and local taxes will be added to the amounts listed above.*

Provided that City of Brentwood timely notifies Hotel of the Cancellation and timely pays the above liquidated damages, Hotel agrees not to seek additional damages from City of Brentwood relating to the cancellation.

**IMPOSSIBILITY**

The performance of this Agreement is subject to termination without liability upon the occurrence of any circumstance beyond the control of either party – such as acts of God, war, acts of terrorism, government regulations, disaster, strikes, civil disorder, or curtailment of transportation facilities – to the extent that such circumstance makes it illegal or impossible for the Hotel to provide, or for groups in general to use, the Hotel facilities. The ability to terminate this Agreement without liability pursuant to this paragraph is conditioned upon delivery of written notice to the other party setting forth the basis for such termination as soon as reasonably practical - but in no event longer than ten (10) days - after learning of such basis.

**COMPLIANCE WITH LAW**

This Agreement is subject to all applicable federal, state, and local laws, including health and safety codes, alcoholic beverage control laws, disability laws, federal anti-terrorism laws and regulations, and the like. Hotel and City of Brentwood agree to cooperate with each other to ensure compliance with such laws.

**CHANGES, ADDITIONS, STIPULATIONS, OR LINING OUT**

Any changes, additions, stipulations or deletions including corrective lining out by either Hotel or City of Brentwood will not be considered agreed to or binding on the other unless such modifications have been initialed or otherwise approved in writing by the other.

**LIQUOR LICENSE**

City of Brentwood understands that Hotel’s liquor license requires that beverages only be dispensed by Hotel employees or bartenders. Alcoholic beverage service may be denied to those guests who appear to be intoxicated or are underage.

**COMPLIANCE WITH EQUAL OPPORTUNITY LAWS**

This section describes Marriott’s obligations as a U.S. federal contractor. It does not apply to customers that are not part of the U.S. federal government or using funds from the U.S. federal government for this contract.

Marriott shall comply with all applicable laws, statutes, rules, ordinances, codes, orders and regulations of all federal, state, local and other governmental and regulatory authorities and of all insurance bodies applicable to the Hotel premises in

The equal employment opportunity clauses of the implementing regulations, including but not limited to 41 C.F.R. §§ 60.1-4, 60-300.5(a), and 60-741.5(a), are hereby incorporated by reference, with all relevant rules, regulations and orders pertaining thereto. **This contractor and subcontractor shall abide by the requirements of 41 C.F.R. §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.**

### **PRIVACY**

Marriott International, Inc. (“Marriott”) is committed to complying with obligations applicable to Marriott under applicable privacy and data protection laws, including to the extent applicable EU data protection laws. Hotel shall comply with the then-current Marriott Group Global Privacy Statement (the “Privacy Statement,” currently available at <http://www.marriott.com/about/privacy.mi>) with respect to any personal data received under this Agreement.

Without limiting the foregoing obligation, Hotel has implemented measures designed to: (1) provide notice to individuals about its collection and use of their personal data, including through the Privacy Statement; (2) use such personal data only for legitimate business purposes; (3) provide means by which individuals may request to review, correct, update, suppress, restrict or delete or port their personal data, consistent with applicable law; (4) require any service providers with whom personal data is shared to protect the confidentiality and security of such data; and (5) use technical and organizational measures to protect personal data within its organization against unauthorized or unlawful access, acquisition, use, disclosure, loss, or alteration.

City of Brentwood will obtain all necessary rights and permissions prior to providing any personal data to Hotel, including all rights and permissions required for Hotel, Hotel affiliates, and service providers to use and transfer the personal data to locations both within and outside the point of collection (including to the United States) in accordance with Hotel’s privacy statement and applicable law. Notwithstanding any other provision, Hotel may use an individual’s own personal data to the extent directed by, consented to or requested by such individual.

### **IN-HOUSE EQUIPMENT**

Hotel will provide, at no charge, a reasonable amount of meeting equipment (for example, chairs, tables, etc.). These complimentary arrangements do not include special setups or extraordinary formats that would deplete Hotel’s present in-house equipment to the point of requiring rental of an additional supply to accommodate City of Brentwood’s needs. If such special setups or extraordinary formats are requested, Hotel will present City of Brentwood two (2) alternatives: (1) charging City of Brentwood the rental cost for additional equipment, or (2) changing the extraordinary setup to a standard format, avoiding the additional cost.

### **TECHNICAL SERVICES**

Encore is Hotel’s preferred provider for audio/visual needs. All audio-visual and related services are subject to applicable taxes (currently 9.75%) and administrative charge (currently 25%). Please note administrative charge is not a gratuity or tip, and accordingly is subject to all applicable taxes. This charge will be applied to costs and/or expenses other than employee wages.

### **UNATTENDED ITEMS/ADDITIONAL SECURITY**

The Hotel cannot ensure the security of items left unattended in function rooms. Special arrangements may be made with

the Hotel for securing a limited number of valuable items. If City of Brentwood requires additional security with respect to such items or for any other reason, the Hotel will assist in making these arrangements. All security personnel to be utilized during the Event are subject to Hotel approval.

**USE OF OUTSIDE VENDORS**

If City of Brentwood wishes to hire outside vendors to provide any goods or services at Hotel during the Event, City of Brentwood must notify Hotel of the specific goods or services to be provided and provide sufficient advance notice to the Hotel so that the Hotel can (i) determine, in Hotel’s sole discretion, whether such vendor must provide Hotel, in form and amount reasonably satisfactory to Hotel, an indemnification agreement and proof of adequate insurance, and (ii) approve, using reasonable judgment, the selection of the outside vendor and the goods or services to be provided by such outside vendor to City of Brentwood, taking into consideration: (a) whether Hotel offers such goods and services; (b) the risk level posed by certain activities; and (c) the safety and well-being of guests at Hotel.

**PERFORMANCE LICENSES**

City of Brentwood will be solely responsible for obtaining any necessary licenses or permission to perform, broadcast, transmit, or display any copyrighted works (including without limitation, music, audio, or video recordings, art, etc.) that City of Brentwood may use or request to be used at the Hotel.

**MARRIOTT BONVOY EVENTS**

Ord 2025-09 - Amending Ordinance Regarding Increase for Square Footage Construction Costs for Calculation of Building Permit Fees

**Submitted by:** Todd Petrowski, Planning & Codes

**Department:** Planning & Codes

---

**Information**

**Subject**

Ordinance 2025-09 - Amending Chapter 14, Article III, Sections 14-72(a), Regarding Annual Increase for Square Footage Construction Costs for Calculation of Building Permit Fees.

**Background**

Ordinance 2025-09 proposes the adoption of an adjusted square foot construction cost for building valuation based upon the area of habitable space, as provided for in Chapter 14, Article III, Section 14-72(a) of the Municipal Code.

The current permit valuation factor for habitable space as provided by Code is \$165.00 per square foot of building area. This ordinance proposes to increase the fee to \$170.00 per square foot of building area. The Building Valuation Data as published by the International Codes Council (ICC) for August 2025 increased the construction costs per square foot for residential occupancies to \$170.80. Ordinance 2021-16 requires that the fee be rounded to the nearest five dollar increment, which is \$170.00. The construction cost for non-habitable space will remain unchanged at \$30.00 per square foot of area. Non-habitable space applies to unfinished space such as basements, attics, attached and detached garages, etc.

A copy of the ICC Building Valuation Data for August 2025 is attached below for your review. Group "R-3", Type V-B are typically single-family homes and garages.

Ordinance 2025-09 proposes modifications to the language in Sections 14-72(a) to read as follows.

(a) *New Single-family Residential Building permit fees.* Building permit fees shall be based on the total construction valuation of the structure as established in Table One below. The fees will be determined using the total square footage and square footage costs in accordance with the Building Valuation Data, developed by the International Code Council (ICC). For verification purposes, the construction valuation for new single-family residential structures shall be based on **\$170.00** per square foot of habitable building areas. Areas that are proposed to remain unfinished such as basements, detached garages, accessory structures, etc. shall be assessed at a rate of \$30.00 per square foot for all unfinished areas within new single-family residences in lieu of the finished floor space charge.

If the proposed ordinance is approved on first reading on November 10, second and final reading will be scheduled for November 24, 2025. The effective date of the revisions will be January 1, 2026, and will apply to any permit applications received after that date.

Should you have any questions or require additional information please contact the Planning and Codes Director.

**Staff Recommendation**

Staff recommends approval of Ordinance 2025-09.

**Previous Commission Action**

Ordinance 2022-16 was adopted on Second Reading on November 28, 2022, adjusting the fees starting on January 1, 2023.

Ordinance 2021-24 was adopted on Second Reading on December 13, 2021, adjusting the fees starting on January 1, 2022.

On August 23, 2021, the Board of Commissioners voted to approve Ordinance 2021-16 on second and final reading. The ordinance adopted amendments to the building permit fees, Planning Commission submittal fees, home occupation submittal/renewal fees, and Board of Zoning Appeals submittal fees. The proposed ordinance also proposes a minor modification to the language in Section 78-87(d) regarding notification signage for rezoning requests. Finally, the ordinance requests the addition of a new section in the zoning ordinance -- Section 78-90 regarding procedures and fees for annexations.

On August 9, 2021, the Board of Commissioners conducted the required public hearing for Ordinance 2021-16. No one spoke as part of the public hearing.

On June 28, 2021, the Board of Commissioners voted unanimously, seven for and zero against (7-0) to approve Ordinance 2021-16 on first reading.

Information regarding other actions since the Public Works Project Fee was adopted on November 27, 1995 is available upon request.

**BE IT ORDAINED BY THE CITY OF BRENTWOOD, TENNESSEE, AS FOLLOWS:**

**SECTION 1.** That section 14-72(a) of Chapter 14, Article III, of the Code of Ordinances of the City of Brentwood shall be amended by deleting the text in its entirety and replacing with the following:

**Sec. 14-72. Building permit fees.**

**Schedule of Permit Fees**

The fees will be determined using the total square footage and square footage costs in accordance with the Building Valuation Table, developed by the International Code Council (ICC). For verification purposes, the construction valuation for new single-family residential structures shall be based on **\$170.00** per square foot of habitable building area. Areas that are proposed to remain unfinished such as basements, detached garages, accessory structures, etc. shall be assessed at a rate of **\$30.00** per square foot for all unfinished areas within new single-family residences in lieu of the finished floor space charge.

**SECTION 2.** In case of conflict between this ordinance or any part hereof, and the whole or part of any existing ordinance of the City, the provision that establishes the higher standard shall prevail.

**SECTION 3.** If any section, subsection, clause, provision, or portion of this ordinance is held to be invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect any other section, subsection, clause, provision or portion of this ordinance.

## Building Valuation Data – AUGUST 2025

The International Code Council is pleased to provide the following Building Valuation Data (BVD) for its members. The BVD will be updated at six-month intervals, with the next update in February 2026. ICC strongly recommends that all jurisdictions and other interested parties actively evaluate and assess the impact of this BVD table before utilizing it in their current code enforcement related activities.

The BVD table provides the “average” construction costs per square foot, which can be used in determining permit fees for a jurisdiction. Permit fee schedules are addressed in Section 109.2 of the 2024 *International Building Code* (IBC) whereas Section 109.3 addresses building permit valuations. The permit fees can be established by using the BVD table and a Permit Fee Multiplier, which is based on the total construction value within the jurisdiction for the past year. The Square Foot Construction Cost table presents factors that reflect relative value of one construction classification/occupancy group to another so that more expensive construction is assessed greater permit fees than less expensive construction.

ICC has developed this data to aid jurisdictions in determining permit fees. It is important to note that while this BVD table does determine an estimated value of a building (i.e., Gross Area x Square Foot Construction Cost), this data is only intended to assist jurisdictions in determining their permit fees. This data table is not intended to be used as an estimating guide because the data only reflects average costs and is not representative of specific construction.

This degree of precision is sufficient for the intended purpose, which is to help establish permit fees so as to fund code compliance activities. This BVD table provides jurisdictions with a simplified way to determine the estimated value of a building that does not rely on the permit applicant to determine the cost of construction. Therefore, the bidding process for a particular job and other associated factors do not affect the value of a building for determining the permit fee. Whether a specific project is bid at a cost above or below the computed value of construction does not affect the permit fee because the cost of related code enforcement activities is not directly affected by the bid process and results.

### Building Valuation

The following building valuation data represents average valuations for most buildings. In conjunction with IBC Section 109.3, this data is offered as an aid for the building official to determine if the permit valuation is underestimated. Again it should be noted that, when using this data, these are “average” costs based on typical construction methods for each occupancy group and type of construction. The average

costs include foundation work, structural and nonstructural building components, electrical, plumbing, mechanical and interior finish material. The data is a national average and does not take into account any regional cost differences. As such, the use of Regional Cost Modifiers is subject to the authority having jurisdiction.

### Permit Fee Multiplier

Determine the Permit Fee Multiplier:

1. Based on historical records, determine the total annual construction value which has occurred within the jurisdiction for the past year.
2. Determine the percentage (%) of the building department budget expected to be provided by building permit revenue.
- 3.

$$\text{Permit Fee Multiplier} = \frac{\text{Bldg. Dept. Budget x (\%)}}{\text{Total Annual Construction Value}}$$

### E

TI  
it  
TI  
ju

operates on a \$300,000 budget, and percent of that from building permit fees. Total construction value which occurred within the jurisdiction for the past year is \$30,000,000.

$$\text{Permit Fee Multiplier} = \frac{\$300,000 \times 75\%}{\$30,000,000} = 0.0075$$

### P

TI  
S  
Pi

Permit Fee Multiplier is determined using the building department budget and the Permit Fee Multiplier. The Square Foot Construction Cost table provides the Square Foot Construction Cost and the Permit Fee Multiplier.

### Example

Type of Construction: IIB

Area: 1st story = 8,000 sq. ft.

2nd story = 8,000 sq. ft.

Height: 2 stories

Permit Fee Multiplier = 0.0075

Use Group: B

1. Gross area:  
Business = 2 stories x 8,000 sq. ft. = 16,000 sq. ft.
2. Square Foot Construction Cost:  
B/IIB = \$268.41/sq. ft.
3. Permit Fee:  
Business = 16,000 sq. ft. x \$268.41/sq. ft x 0.0075 = \$32,209.20

## Important Points

- The BVD is not intended to apply to alterations or repairs to existing buildings. Because the scope of alterations or repairs to an existing building varies so greatly, the Square Foot Construction Costs table does not reflect accurate values for that purpose. However, the Square Foot Construction Costs table can be used to determine the cost of an addition that is basically a stand-alone building which happens to be attached to an existing building. In the case of such additions, the only alterations to the existing building would involve the attachment of the addition to the existing building and the openings between the addition and the existing building.
- For purposes of establishing the Permit Fee Multiplier, the estimated total annual construction value for a given time period (1 year) is the sum of each building's value (Gross Area x Square Foot Construction Cost) for that time period (e.g., 1 year).
- The Square Foot Construction Cost does not include the price of the land on which the building is built. The Square Foot Construction Cost takes into account everything from foundation work to the roof structure and coverings but does not include the price of the land. The cost of the land does not affect the cost of related code enforcement activities and is not included in the Square Foot Construction Cost.
